Homepage Interface

Homepage Interface

1. Integration Information

2. Account Financial Information

The screenshot displays the homepage interface with two main sections highlighted by orange arrows and boxes. The left section, '1. Integration Information', shows account details for 'chsmsdemo' (Official Account) with a last login time of 2022-07-24 18:48:54 and IP 10.233.108.0. A warning message indicates the account is incomplete. Below this is a table with HTTP and SMPP information. The right section, '2. Account Financial Information', is highlighted by an orange box and shows four metrics: Available Balance (6.89 USD), Consumption Amount (3.10 USD), Total SMS Sent (115 SMS), and Total Recharge (10.00 USD). Below this is a section for 'Organizations with Highest SMS Quantity' which currently shows 'No Data'. A '(USD)' label is positioned to the right of the financial metrics.

HTTP Information		SMPP Information	
Organization Code	KnYMTZsF	Access Number	-
Approval Status	Approved	Access Code	-
MD5 Key	OBHLVYZCCLVMCMD...	Sessions	-
Go to docs		TPS	-
IP: 47.75.105.132 SMPP, Port: 2775
